We need set up meetings with the Tiger Teams for this sites to develop a plan or strategy on communicating to the public and elected officials what we are doing at these sites and what is planned for the future. I believe that Cynthia was the Chair person for the Tiger Teams and I assume that it will not be Austin. Please work with Austin and see schedule a meeting. I am not sure who is already included in these teams, but Austin (with Cynthia's help/suggestion) may have suggestions based on what they have done at other sites. I know we are already doing a lot of work at these sites, we just need to get help/support from other branches/division to make sure everyone is on the same page. Thanks CAS
